Digium® D-Series IP Phones

Powerful, feature-rich phones for Switchvox® and Asterisk®

Digium D-Series phones are designed exclusively for use with Switchvox and Asterisk. All models include HDVoice and unprecedented plug-and-play deployment at a price that fits any budget. Enhance your users’ productivity with built-in advanced applications, including voicemail, call log, contacts, phone status, user presence, parking and more. Digium phones provide simple, intuitive access to a wealth of information, saving valuable time. Digium’s highly-integrated D-Series phones are the only phones that allow you to take full advantage of the flexibility and customization of Switchvox and Asterisk.
